

Workshop submission (Commiserate Chicago 2020)

Rolling deadline: January 15, 2020, @ 11:59pm CDT.

The Commiserate committee believes workshops should be a platform for media practitioners who prioritize methodology and generative processes over definitive products. Following, we invite you to demonstrate and communicate your approaches in live workshops at the Commiserate Chicago 2020 festival.

Workshops will be hosted at the MADD Center's Hack Arts Laboratory (HAL) as well as table space outside the Lab. The lab includes 2 laser cutters, an embroidery machine, a CNC machine, soldering stations, 3D printers, among other resources.
